Runs Away Down Hill; Collar Bone Broken.

Mrs. Olivia French, son and daughter; of Montgomery county, while on their road to Stanton driving a horse in buggy Monday term. Those counties that could came near having serious results on the hill this side of Everett Burns, about two miles from this city. As the party started down gan in August will have a second this hill, the backing strap broke which allowed the buggy to crowd upon the horse which began kicking until he had broken the cross piece from the buggy, and began running down the hill. When near the foot of the hill the buggy was overturned, the occupants thrown out and the top of the buggy demolished. The girl sustained a broken collar bone.

A few minutes after the accident, John Eaton came along in his automobile when he, good Samaritan like, picked up the stranded trio and rushed them to their home at Levee, where Dr. See attended the injured girl.

Big Democratic Gains.

The registration returns in Louisville show 28,280 Democrats; 18,303 Republicans; 4,382 Independents and Progressives. This is 9,907 more Democrats than Republicans and 5,593 more Democrats than all others, which makes it pretty safe to say that Louisville at least will go Democratic in November. Other Kentucky cities, show a similar result. The Sun in giving the registra tion of Winchester discloses the fact that only 121 white men registered as Republicans, while 549 negroes registered as members of the g. o. p. There are 887 registered Democrats which gives Winchester a handsome majority for the Democrats.

Sales Galore.

In this issue of The Times W. L. Byrd, of Spout Spring, is advertising his public sale at that place Oct. 21. S. R. Curtis, administrator of the estate of Thos. Curtis, will have a sale on the premises of the deceased Oct. 14, at 10 o'clock a. m., and Benjamin Sewell in the same neighborhood will have a sale on the same date of the administrator's sale, but it will be held in the afternoon beginning at one o'clock, so persons can attend both sales the same day.

Arbor Day.

November 10 has been designated as Arbor day in Kentucky. Gov. Stanley will issue a proclamation calling for its general observance and, following the proclamation, State Supt. V. O. Gilbert will send out programs for its observance by the schools. State Forester J. E. Barton is planning observance of the day on the capitol grounds, where Gov. Stanley will plant a tree. School-children of Frankfort will participate in the exercises.

Nearly 20 per cent. was earned annual report made public. gross earnings were \$60,317,998.

Another Session of

Moonlight Schools.

Moonlight schools will open in many counties next Monday evening, Oct. 9th, for a six weeks' not begin with the September session, will start with this session, and some of those that beterm beginning with October 9th. The Kentucky Illiteracy Commission, Frankfort, Mrs. Cora Wilson Stewart, President, furnishes books, tablets, &c., and all information.

A prize trip to Washington is to be given by Kentucky's Senators and Congressmen to the moonlight school teacher who teaches the largest number to read and write in his school, including, also, the largest enrollment and best attendance. Credits are given by the two State Normals on all of their courses to those teachers who teach a full six weeks' term of moonlight schools. Twenty-five thousand emancipated from illiteracy this year is the slogan for the State.

November Court Deferred.

Judge Shackelford writes The Times that owing to some very important litigation of his own at Paris Nov. 20, the Powell Circuit Court will not convene at Stanton Nov. 20, which will be ill convene Nov. 27, one week later. 'All cases will be reassign, ed, and the Circuit Clerk, C. N. Crowe, will on the 20th, adjourn court until the 27th. All jurors will be summoned for the 27th.

Large Apple Sale.

Mrs. Joseph Garrett has sold of Winchester, for \$350. The inated. apples are being gathered and hauled to this city this week for shipment. Driffing for oil is go ing on in this orchard at this time and a nice flow of oil was struck there yesterday.

Moves to Irvine.

Franklin Margison is moving back to Irvine where he has a position as a salesman in a store. Mr. Margison has purchased a resideace lot there and will build a nice home. We regret to lose such valuable citizens as Mr. and Mrs. Margison, but wish them unbounded success in the magic city of Irvine.

Celebrates 18th Anniversary.

Quite a number of the young people attended the celebration of the eighteenth anniversary of Joel Mountz near the city last Friday night. Ice cream and cake were served and all spent an enjoyable time. Those present all joined in wishing Mr. Mountz many happy returns of September 29.

Timely Warning.

There are a number of grade railway crossings in Powell county. Several of them are very dangerous. Scores of people are being killed in the United States at just such crossings as we have in this county. Street cars in this state are not allowed to cross a railroad track until a motorman goes in advance and looks both ways for trains. Then if none are coming in sight toward the crossing the street cars are allowed to pass. But with automobiles how different. They rush past a railway crossing soon as they can, many of them giving no apparent consideration for Nada for over Sunday. probable trains. Some day some persons are liable to be killed in Powell county as they are being killed in other counties. Better read the following warning of a railroad official and avoid such a possibility:

"Chicago, Sept. 10, 1916. 'To those who drive or ride in Automobiles:

Crossing gates, automatic warning bells, electric headlights and engine signals, if the date for the regular term, but not heeded by those for whose protection the are intended, are unavailing. I will be glad to receive and consider suggestions intended to reduce automobile ac cidents at grade crossings, for the railroad is anxious to do its full part. However, if any person who owns, drives or rides in an automobile will STOP, LOOK all the winter fruit on her farm and LISTEN at grade crossings, at Furnace to Hodgkin & Fitch, the danger will be entirely elim-T. Fiscal Court Meets.

The Powell Fiscal Court met at its stated October meeting Tuesday. All members of the court were present, and the allowance of claims was taken up. A number of these were passed upon by the Court in the forenoon. In the afternoon the court was busy making settlements with various officers. The road question was not entered into, as an early decision of the Court of Appeals upon the question of the legality of a road commission in the county is expected, so the matter was deferred until such decision could be had. The case which has been appealed we learn has been set for a hearing by the Court of Appeals October 12. Soon after this date the Fiscal Court will come together again and take up its unfinished business, and the road business also, provided the decision of Judge Shackelford to the effect that a road commission in Powell is illegal, is upheld by the Court of Appeals.

Mrs. Prof. Ringo so much that each paever uses the switch. Again the writer says it would pay every teacher in Powell county to take a trip over there and visit that school. The writer does not intend to cast reflections on our teachers in our own county but at the same time there is wide room for improvement in many of our schools. Go into many schools and there is a whispering and buzzing sound all over the room. The pupils are noisy, very often going in and out of the room from morning till night, going up to the teacher continually and asking what this or that word is, or asking permission to leave the room, to speak to another pupil or to get a drink of water. Papers are scattered all over the room; books all over the desk. The children read in a sing song tone and do not bring out the right inflections, and meaning to the words and often the teacher never corrects them. Some may think the writer is rather severe in this article but if you will go with him to some schools he has visited, he thinks he can prove to every word. If the right inflection you that he has not told it all yet.

A HOME-MADE PAPER.

THURSDAY, OCT. 5, 1916.

W. H. Harrison, traveling passenger agent of the L. & N., was here last week to look over the passenger service in this section. We are indeed glad to know that this corporation sees it wise to go out into the field and consult the people about the service they are to receive.

As the trains now run it is couvenient to leave Clay City, go to Frankfort, Louisville and Cincinnati, and get back the same day though it be after nightfall. But with this convenience, which is rarely needed by our people, comes the inconvenience of no afternoon mail which hits every individual 365 days in the year, and the further inconvenience of getting in so late at nights when going to Winchester, Lexington and Mt. Sterling. We are also, by the present arrangement, robbed of a quick mail service going out from here in the afternoon as we formerly had, and the possibility of going into Cincinnati from here by leaving in the af ternoon.

The mountain Democrats are the truest in the country and all the money of Wall Street and the interests cannot swerve them from loyalty. It means something to be a Democrat where the majority are Republicans and many sacrifices are made for the sake of principle of which the Democratic strongholds know nothing. The Republicans in the mountains can out vote the Democrats and what is more important to them, out count the Democrats in case of a close election, but they do so solely on might without reference to right. If the Democrats in the other parts of the State give as good an account of themselves as will the true blues of the hills the majority for Wilson and Marshall will roll up into many thousands.

"Hello, Boys!"

We are in receipt of a nice picture of Congressman John W. Langley with the title "Hello, Boys!" and the statement below that this was a & Snapshot of Congressman John Langley Greeting a crowd of his Friends".

John recognized The Times ed itor as one of his friends, for in sending us one of these pictures he adds: "To my good friend, Mr. J. E. Burgher. With the compliments and good wishes of 'Turnpike John'. Washington, D. C., Sept. 20, 1916."

In 1906 when Powell was in the 10th district, Mr. Langley was the Republican nominee against F. then as now, very strongly Dem ocratic, so when Mr. Langley brought in a proposition to supply the mountain portion of his district with turnpikes, we christened him "Turnkike" John.

Several days have passed since he never fails to vote right on the J. H. McClurkin, of Irvine, one liquor question. We have open demned Democratic members of our own State. And when the fight came up for Federal aid to roads, John Langley was right John", which we had given him twelve years ago.

The truth of it is, John Lang-Grant Frazier, Ray White, and ley, Republican, and John "Burgy", Democrat, are working for the same thing, if we do take different roads to get there. We are proud that we no longer have so much prejudice as to neglect to give due recognition to an midst of an important campaign.
